-١	Silver Nanop Artices As Antimicrobial Against Salmonelia Typhi, Proteus Mirabils And Bacilus Cereus As A Model of Gram-Negative And Gram-positive Bacteria	Anfal Ali Shakir
	Synthesis silver nanoparticles as antibacterial against escherichia coli and staplococcus aurous as A model of gram - negative and gram- positive bacteria	
	Toxipathological effect of silver nanoparticles on the brain and liver of albino rats	
	Diagnostic ,Hematological and therapeutic studies on theileriasis in cattle in Babylon	
	Synthesis silver nanoparties as anticicrobial against gram-negative and gram -positive multidrug -nresistance (MDR)Bactria	
-٢	Detemination of alkaloid compounds of Ricinus communis by using gas chromatography-mass spectroscopy (GC-MS)	Ameera Omran Hussein
	Analysis of mtDNA hypervariable region II for increasing the discrimination power from middle and south of Iraq	
	Phytochemical screening of methanolic dried galls extract of quercus infectoria using gas chromatogahy – mass spectrometry (GC-IR) and fourier transform – infrared (FT-IR)	
-٣	Detemination of metabolites products by Cassia angustifolia and evaluate antimicrobial activity	Ali Hussein AL-Marzoqi
	Synthesis and characterization of Nanostructured ferric oxide	
	Molecular and cytopathological study on etiological agents responsible of sexually transmitted diseases	
-٤	The lack of sensitivity of methicilin resistant staphylococcus aurus (MRSA) toward teicoplanin	Venus Hassan Abdul

حيدر شخير عبيس	Comparative evaluation study of ellsa system and mimt-vidas system fom detetiom of cytomegalovirus Ig mantibodies	- ٥
أحمد عبيد حسين	Morphometric &Histological Study of the Adrenal gland of the aduit female rabbit (Orycotolagus Cuniculus)	-٦
	Acute in flammatory responses and histoogical chanes forstachybotys chartarum fungus in the lungs and infant white mice	
	Toxipathological effect of silver nanoparticles on brain and liver of albino rats	
Qasim N.A Thewaini	The lapin immune states associated with intravenous injection of heat killed antigen extracted from helicobacter pylori infection in hilla city	-٧
