اسم البحث	الاسم واللقب	ت
Effectiveness of Aqueous extract of 'Green, Black, Red Tea Leaves 'aginast some types of Gram positive and and negative bacteria	أ.م.د أحمد عبيد حسين	١
Effect of Androgenic Anabolic Steroide Dianabol in Liver and Kidney Male Albino Rats		
Toxipathological Effect of Silver Nanoparticales on the Brain and Liver of Albino Rats		
Histological ffect of Anabolic Steroide Dianabol in Heart and some blood parameters of Male Albino Rats		
Adequancy of Magnetic Resonance Image versus Eleectromyography in patients in with Backpain	أ.د عبد الله شهيد	٢
agenig physiology in terms of rooting research review		
Bacterin Induced Pathogenic Lapin and Murine Cryoglobulins	أ.د أبراهيم محمد سعيد	٣
Mucosal Immunology of Human Head		
Determiration of Adulteration in Milk samples by using Geiger Muller Counter	م علي حسين فرج	٤
Automated Pattern Classification for PCG Signal as A novel method for clinical decision support system		
Synthesis then Characterization regarding Nanostructured Ferric Oxide		
Effect of stress and Radiation of mobile phones on heart and its capabilities		
In-Vitro study of layer double hydrooxide nanoparticals as effective carrier to fight breast cancer growth	م.م علي حمد	٥
Control of invasive aquatic plant (Eichhornia crassipes) by using extract of medicinal plant	م.م شيماء عبد الجاسم	٦
The association of Cytomegalovirus and Toxoplasma gondii in women with recurrent abortion	أ.د حيدر شخير	٧
preparation of wet and permanent mount stain for staining intestinal parasites one step procedure	م.د مها ديكان	٨
